STATE OF ALASKA
REGULATORY COMMISSION OF ALASKADOYON UTILITIES, LLC – WASTEWATER - FGA
RULES AND REGULATIONS

1. RULES AND REGULATIONS

1.1 Adoption

(a) This tariff has been filed with the Regulatory Commission of Alaska in accordance with Alaska Statute 42.05.361.

(b) This tariff shall apply to the United States Army, as the sole Customer of Doyon Utilities, LLC. No individual officer, agent, or employee of Doyon Utilities, LLC has the authority to waive, alter or amend these Rules and Regulations.

1.2 General

This tariff contains the rules and rates of Doyon Utilities, LLC, the "Utility" unless otherwise specified.

1.3 Means of Contacting the Utility

(a) The Utility maintains a business office at 714 Fourth Avenue, Suite 201, Fairbanks, Alaska 99701. The office is open for business Monday through Friday, 7:30 am to 4:00 pm with the exception of the following holidays: New Year's Day, President's Day, Memorial Day, Fourth of July, Labor Day, Veteran's Day, Thanksgiving, and Christmas. At this office the Customer may obtain service and information, and inspect the Utility's tariff. Information is also available on the Utility's website www.doyonutilities.com. C

(b) The Utility's 24 hour emergency telephone number is: 907-869-3900 C

(c) The Utility's business office telephone number is: 907-455-1500

1.4 Definitions

The following terms wherever used in this tariff, have the following meaning unless otherwise clearly stated.

Account: The separate service and billing record established by the Utility for each separate military post to which it provides service. The account is identified by number, and contains information such as account information and any amounts due to/from the Customer.

AMR: *abbrev.* Automatic meter read, a device installed by the Utility that transmits an electronic radio signal for the purpose of obtaining a meter reading, which may be used to compute a Customer or facilities monthly usage or to provide the United States Army or its designee, with consumption information.

Billing Dispute: Any dispute or disagreement between the Customer and the Utility regarding the form or amount of a bill for service, the application or allocation of payments made by the Customer, or any other dispute or disagreement regarding the actual bill.

Billing Period: An interval of about one month pursuant to the Contract.

1.4 Definitions (continued)

CIAC: *abbrev.* Contribution-In-Aid-of-Construction, any amount of money, services, or property received by the Utility from any person or governmental agency that is provided at no cost to the Utility. Any amounts received by the Utility as CIAC from the Customer will be treated according to the Contract.

Cleanout: An inspection point installed in the Service Line and located outside the building line.

Customer: The United States Government, the United States Army.

Customer Discharge: The Customer Discharge is any material entering the wastewater collection system upstream from the Customer's side of the Point of Demarcation. The Customer and/or Occupant are solely responsible for the Customer Discharge.

Customer's Installation: In general, all pipes, utilization equipment and apparatus of any kind or nature on Customer's side of the Point of Demarcation.

Commodity: Wastewater Collection and Treatment.

Contract: The "Contract" is Contract # SP0600-07-C-8261 between the United States Government, as Customer, and Doyon Utilities, LLC, as the Utility. The Contract is dated September 28, 2007, with a notice to proceed date of November 1, 2007.

COR: *abbrev.* Contracting Officer Representative assists the Contracting Officer in the administration of Department of Defense Contract awards.

1.4 Definitions (continued)

Delinquent: Payment has not been received by the Utility within 40 days from the date the bill is rendered.

Demand: The amount, load, or quantity of the Commodity collected or to be collected at a Service Location.

DESC: *abbrev.* Defense Energy Support Center is the contracting agency for the Department of Defense.

Discharge: The release of any material into the wastewater collection stream or wastewater collection system.

Interruptible Service: The collection of the Commodity to the Customer may be interrupted by the Utility only for emergencies, required system maintenance, or as provided in the Contract.

KO: *abbrev.* Contracting Officer is the Defense Energy Support Center representative who awards and administers Department of Defense Contracts.

Meter Tampering: The illegal act of damaging, bypassing, removing, or altering of a meter, automatic meter reading device, or any other Utility owned facility or equipment used to measure the Commodity.

Month: An interval of approximately 30 days between successive utility service billing dates.

Notice to the Customer: Unless otherwise directed in writing, Notice to the Customer shall be given to the KO.

Occupant: The person(s) or entity occupying a Service Location. Unless notified to the contrary in writing by the Customer, an Occupant is presumed to occupy the Service Location with the express consent of the Customer and is presumed to have the authority to grant access to the Service Location.

1.4 Definitions (continued)

RCA: *abbrev.* Regulatory Commission of Alaska.

RCC: *abbrev.* Regulatory Cost Charge, a surcharge imposed by the RCA which is applied by the Utility to all regulated Customer billings to pay a share of the RCA budget.

Rendered Bill: A bill for service that has been issued to a Customer; unless personally delivered by the Utility, a bill is rendered on the date it is postmarked.

Service: The furnishing of the Commodity to a given Service Location.

Service Connection/Service Line: Utility's pipes and equipment for collecting the Commodity from the Customer. The Service Connection terminates at the Point of Demarcation. The terms "Service Connection" and "Service Line" are synonymous.

Service Dispute: Any dispute or disagreement between the Customer and the Utility regarding quality of service, the lack of service, interruption of service, or any other dispute regarding the Utility's performance that is not a Billing Dispute.

Service Location: The structure, building, premises, or other physical facility receiving the benefit of Utility service from the Service Connection. Unless notified to the contrary in writing by the Customer, an Occupant is presumed to occupy the Service Location with the express consent of the Customer and is presumed to have the authority to grant access to the Service Location.

Service Location Information Sheet: For a Service Location, the Customer may provide the Utility with a Service Location Information Sheet, providing contact information for the Occupant, authorized representatives of the Customer with respect to the Service Location, which Customer representative is to receive notice, security restrictions, demand, and other pertinent information regarding the Service Location. If a Service Location Information Sheet is provided by the Customer to the Utility, the Utility may reasonably rely upon the information on the sheet. An example of the form, which may be changed by the Utility from time to time, is attached for informational purposes.

Shall: Means “must” and makes the action referred to mandatory.

Temporary Service: Temporary service, as herein considered, refers to service of a temporary, non-permanent nature; the Utility will furnish temporary service as outlined in the Contract.

Utility: Shall mean Doyon Utilities, LLC, or its duly appointed representative, sometimes referred to as the Utility.

Wastewater Main or Main: The pipe, usually a minimum of 6" in diameter, located in a street, road, alley or easement for the collection of wastewater, installed, owned and maintained by the Utility.

NATURE OF SERVICE

2. NATURE OF SERVICE

2.1 Wastewater Treatment

In accordance with standards established and controlled by the Alaska Department of Environmental Conservation and the United States Environmental Protection Agency.

2.2 Wastewater Collection

The Utility constructs, owns, operates, and maintains interceptor and wastewater collection mains to provide service to the Customer. Responsibility for design, construction, operation and maintenance, and removal of the Utility's mains and other facilities shall rest with the Utility.

2.3 Special Contracts

The Utility has no special Contracts in force at this time.

3.4 Billing/Service Disputes

(a) Billing Disputes: The Customer shall currently pay all undisputed charges and in the event of a dispute shall promptly request a billing adjustment of any disputed amount. The request may be by telephone but shall be followed with a written request. The Utility shall respond to the substance of each Billing Dispute or other Customer correspondence within 10 working days of its receipt. If the Utility does not resolve a complaint to the Customer's satisfaction, the Customer may appeal the Utility's action (or inaction) to the RCA at the following address:

Regulatory Commission of Alaska
701 West 8th Avenue, Suite 300
Anchorage, Alaska 99501
907-276-6222 or 1-800-390-2782.

(b) The Customer shall file appeals to the RCA with the Utility being provided a copy of the appeal at the following address:

Doyon Utilities, LLC
PO Box 74040
Fairbanks, AK 99707
907-455-1500

(c) A Customer may dispute an item on the Utility's bill and withhold payment of the disputed portion only until the dispute has been resolved. When a Billing Dispute has been resolved in the Customer's favor, in whole or in part, the Utility shall promptly correct the Account, including adjustment of any interest. Billing Dispute appeals denied by the RCA shall be paid in full or payment arrangements satisfactory to the Utility made within 15 working days of receipt of the RCA decision.

3.4 Billing/Service Disputes (continued)

(d) Service Disputes: In the event the Customer has a Service Dispute, the Customer shall promptly notify the Utility. The notification may be by telephone, but if not immediately resolved to the Customer's satisfaction, the Customer shall notify the Utility in writing and, if circumstances require an immediate response, the Customer shall so state. If the Utility does not resolve a Service Dispute to the Customer's satisfaction, the Customer may refer the matter to the RCA at the address above.

3.5 Authority with Respect to Billing/Service Disputes

Unless notified otherwise in writing by DESC, it is presumed the KO has the authority to resolve Billing and Service Disputes on behalf of the Customer.

3.6 Past Due Accounts and Delinquent Accounts

Past due accounts shall be charged interest in the manner specified in the Contract. An account is past due if not paid within 25 days after the date the bill is rendered. Interest will commence on the 26th day. A bill will be considered delinquent if not paid within 40 days after the date rendered.

3.7 Physical Disconnection from the Utility Main

(a) Upon Customer's Request: Customer shall provide the Utility reasonable advance notice of the Customer's intent to have the Utility physically disconnect service to a Service Location. Unless otherwise directed in writing by the DESC, it is presumed the KO has the authority to authorize a disconnection on behalf of the Customer.

(b) Utility Disconnection Without Notice: The Utility may disconnect service to a facility without advance written notice if an immediate hazard exists which threatens the safety or health of the Customer, the general population, or the Utility's personnel or facilities and which requires disconnection. In the event the Utility disconnects without notice the Utility shall immediately notify the Occupant and the Customer. If the disconnection results in a danger of freezing, the Utility shall also immediately notify the Customer's maintenance contractor.

(c) Utility Disconnection with Notice: The Utility will commence disconnection procedures with reasonable notice for any of the following reasons.

(1) Disconnection is required in order for the Utility to comply with an order or regulation of a governmental agency with proper jurisdiction.

(2) Where there is any installation which, in the opinion of the Utility, is potentially unsafe, which threatens the safety or health of the Customer, the general population, or to the operation of the Utility's system or its service to other facilities but which does not constitute an immediate hazard requiring disconnection without notice.

(d) Required Notice: The notice required under this Disconnection with Notice provision is reasonable notice and depends upon the individual circumstances or the requirements of any governmental agency.

3.7 Physical Disconnection from the Utility Main (continued)

(e) General Policy for Notice of Disconnection

(1) This section does not apply to Service Locations being disconnected without notice or where the Customer has requested disconnection.

(2) At least 15 days before the scheduled date of disconnection, the Utility will mail or deliver to the Customer a written notice of intent to disconnect service. The Utility will simultaneously forward a copy of the disconnection notice to any third party or Occupant designated by the Customer on a Service Location Information Sheet.

(3) Not less than three working days prior to disconnection the Utility will make reasonable attempts to contact the Customer by telephone or by visit of an authorized Utility representative to the Service Location about to be disconnected. If by telephone, the Utility will keep records of all attempted and completed telephone contacts showing at least the time, the person making the attempt, and the outcome. If by visit to the Service Location, the Utility's authorized representative will hand-deliver a "Disconnect Notice" to the Occupant, or if no personal contact is possible, leave the notice in a prominent place. The Disconnect Notice or completed telephone call will provide the Customer with all information required to allow the Customer to understand the reason and nature of the disconnection and contact information for the Utility.

SERVICE FEES**3.7 Physical Disconnection from Utility Main (continued)**

(4) If the Utility has been informed that a Service Location is a residence occupied by a person seriously ill, elderly, handicapped, or dependent on life support systems, the Utility shall provide at least 30 days notice before the scheduled date of disconnection unless circumstances otherwise dictate in which case the Utility and the Customer shall agree upon a disconnection schedule or alternative resolution to disconnection.

(5) If for any reason the Customer disagrees the Service Location should be disconnected the Customer shall promptly notify the Utility. Receipt by the Utility of a statement from the Customer or from an Occupant disagreeing with the disconnection will, until determined otherwise, be construed as a Service Dispute and no disconnection will occur until the Service Dispute is resolved.

3.8 Restoration of Service

Unless otherwise agreed by the Customer and the Utility, in the event of disconnection under Section 3.7 (b) and (c), the Utility shall restore service within three working days after correction of the conditions that resulted in the disconnection.

3.9 Services Billed as Unit

All charges owed by the Customer under this tariff shall be billed as a unit on one statement, to one Account.

3.10 Regulatory Cost Charge

The Regulatory Cost Charge is a surcharge imposed by the RCA which is applied by the Utility to all regulated Customer billings to pay a share of the RCA budget.

APPLICATION TO PROVIDE SERVICE TO A SERVICE LOCATION

4. AGREEMENT TO PROVIDE SERVICE TO A SERVICE LOCATION

4.1 New Service Connection/Location (Locations not Connected to System as of August 15, 2008)

(a) The Customer will provide reasonable notice and appropriate and necessary information to the Utility regarding any or all new connections or new Service Locations (including Demand). Only the Customer may authorize new service connections. Unless otherwise instructed in writing by DESC, it is presumed the KO has the authority to authorize new Service Connections on behalf of the Customer. The Customer may, in requesting a new service connection, authorize and designate a third party (such as a contractor) to work with the Utility. The Utility will respond appropriately to such directive within a reasonable time.

(b) The Customer and the Utility will determine the appropriate physical location of new Service Connections.

(c) No person shall construct any connection to the Utility's system without the written consent of the Utility and according to terms agreed upon by the Utility and the Customer. No new connections will be established except with express consent of the Customer.

(d) Due to weather/cost considerations, a request for a Service Connection by the Customer may not be reasonably feasible or economically practical between October 1 and May 1 and therefore, such connection may be deferred by the Utility, in its discretion, except with prior agreement between the Utility and the Customer.

(e) In the event a request for a new Service Connection or an increase in size or demand for an existing connection results in the potential for handling of the Commodity to exceed the Utility facilities capacity, the Utility shall notify the Customer.

4.2 Existing Connections

The Utility shall provide service to all connections existing as of August 15, 2008

4.3 Provision of Utility Service / Agreement Terms and Conditions

Except as otherwise provided in the Contract, the provision of utility service by the Utility to a new or existing Service Location constitutes an agreement between the Utility and the Customer on the following issues:

- (a) To pay for the service as provided in this Tariff and the Contract.
- (b) The rates for service may be changed in conformance with the Contract.
- (c) The Utility shall not be held responsible for any loss or damage by fire, flooding, or other causes resulting from defective piping, fixtures, or appliances in or on the Service Location not owned by the Utility.
- (d) The Utility shall not be liable for any injury, casualty, loss or damage resulting in any way from wastewater collection service at a Service Location unless the result of negligence of the Utility with respect to Utility assets owned by the Utility.
- (e) In the event the service shall be interrupted or fail by reason of lack or supply, accident, or any other unavoidable cause, the Utility shall not be liable for damages resulting from such interruptions or failures, unless the result of the negligence of the Utility.
- (f) Nor shall such failure or interruption for any reasonable period of time be held to constitute a breach of contract on the part of the Utility.
- (g) All of the piping and appliances at a Service Location on the upstream (Customer) side of the Point of Demarcation shall be installed and maintained in accordance with the applicable laws and rules of any governmental authority having jurisdiction, the manufacturer, and any applicable codes.

4.3 Provision of Utility Service / Agreement Terms and Conditions (continued)

(h) Service Line Maintenance Responsibility: Maintenance of the Service Line shall be the responsibility of the Utility downstream (Utility side) from the identified Point of Demarcation.

(i) Inspection by Utility Service Locations:

(1) A Customer or Occupant of the Customer's property shall permit properly identified Utility employees to enter the Service Locations at all reasonable hours for inspection, sampling, or testing. The Utility may inspect the Service Locations to determine compliance with the requirements of this tariff. The Utility may set up at the Service Location devices that are necessary for sampling, testing, inspecting, compliance monitoring, or metering.

(2) If reasonable access is restricted for whatever reason, or if the Customer or Occupant does not provide properly identified Utility employees reasonable access to the Service Location as required by this Rule at the time requested by the Utility, the Utility will notify the Customer's designated representative of the failure to allow access. In addition, the Utility may attempt to notify Occupants by telephone, or other means reasonably calculated to provide notice of a restriction on access.

(j) Illegal Use: No one, without first applying for service and receiving written approval from the Utility, will be allowed to make connections to the Utility's Service Lines or collection mains or to make alternations in any conduit, pipe, or other fitting connecting directly therewith.

4.7 Unsafe Apparatus

In the event the Utility suspects or believes any part of the Customer's Installation, appliances, or apparatus may be unsafe or if the utilization or manner of utilization of the Commodity at a Service Location or proposed Service Location is restricted or prohibited by law or regulation, the Utility may refuse to provide service until the circumstances are remedied or the Utility receives written direction from the Customer to provide service. It is the Customer's responsibility to assure that its Installation and any fixture, appliance, or apparatus on the Customer's side of the Point of Demarcation are in good and safe condition and comply with all laws and regulations applicable thereto. The Utility does not assume the duty of inspecting the Customer's installation, appliances or apparatus, or any part thereof, and has no liability with respect to such fixture, appliance, or apparatus. In the event the Customer or an Occupant suspects or finds the wastewater collection service to be defective, the Customer or Occupant shall immediately notify the Utility to this effect.

4.8 Non-Warranty for Customer Equipment

Neither by inspection nor nonrejection, nor in any other way, does the Utility give any warranty, expressed or implied, as to the adequacy, safety, or other characteristics of any structures, equipment, wires, conduit, appliances, or devices owned, installed, or maintained by the Customer or Occupant, or at their direction or with their permission or for any structures, equipment, wires, conduit, appliances, or devices owned, installed, or maintained by third parties at the direction of, or with the permission of, the Customer or Occupant.

4.9 Non-Compliance with Utility's Rules

If Customer or Occupant should fail to comply with any provision of this Tariff or the Contract, the Utility will advise the Customer of such failure. The Customer and Utility shall attempt to agree upon an appropriate remedy within a reasonable time, but not greater than five (5) working days from the notice unless otherwise agreed by the Utility.

4.10 Temporary Connection

Costs of temporary connections will be reimbursed to the Utility pursuant to the Contract.

POLICIES & CONDITIONS OF SERVICE

5. POLICIES & CONDITIONS OF SERVICE

5.1 Service Lines

(a) New Service Connections shall be installed in a manner consistent with the Utility's standard of design, quality of materials, and construction as shown in the Utility's Standards of Construction and Service Line Standards for such service.

(b) If a condition exists in a Service Line that adversely affects the quality of service or the Utility's mains or operations, the Utility will make the necessary repairs.

(c) If a problem occurs with a Service Line, the Customer or Occupant shall promptly call the Utility for response by Utility operators.

(d) The Service Connection will at all times be and remain the sole property of the Utility. The Utility shall have sole control of the same.

5.2 Moving or Reconstruction of Utility Facilities

In the event it is necessary to move or relocate Service Lines or Mains, the moving or relocation shall be coordinated between the Customer and the Utility and the cost thereof agreed upon by Customer and the Utility pursuant to the Contract.

5.3 Notice for Locates

In accordance with Alaska Statutes 42.30.400, the Utility shall require two working days notice prior to any excavation near the Utility's mains. The two working day notice is exclusive of Saturdays and Sundays. In the event of an emergency, any person requiring a locate shall notify the Utility of the emergency need for a locate.

5.6 Unacceptable Wastes

Neither the Customer nor any Occupant of the premises enjoying wastewater service shall discharge or cause to be discharged any storm water, surface water, roof run-off, surface drainage, or unpolluted industrial process water into the Utilities' wastewater collection system or into the building wastewater service connection so as to reach the Utility's wastewater collection main, nor shall they discharge any wastes with the following characteristics:

- (a) Any liquid or vapor having a temperature higher than 140 degrees F;
- (b) Any water or waste which may contain more than one hundred parts per million by weight of fat, oil or grease. If waste discharged violates this standard, the Utilities reserve the right to require installation and subsequent maintenance of a grease trap at customer's expense. Said grease trap must comply with requirements found in Chapter 8 of the Environmental Protection Agency Design Manual for onsite systems;
- (c) Any gasoline, benzine, naptha, fuel oil or flammable or explosive liquid, solid, or gas;
- (d) Any garbage that has not been properly shredded through a disposal unit or other shredding device;
- (e) Any ashes, cinders, sand, mud, straw shaving, metal, glass, tar, wood or any other solid or viscous substance capable of causing obstruction to the wastewater mains or outlets or the proper operation of said wastewater system;

5.6 Unacceptable Wastes (continued)

(f) Any water or waste having a toxic or poisonous substance in sufficient quantity as to constitute a hazard to humans or animals;

(g) Any noxious or malodorous gas or substance capable of creating a public nuisance;

(h) Any water or waste containing more than five hundred parts per million by weight of suspended solids. The term "suspended solids" as used in this sub-paragraph shall mean solids that either float on the surface of, or are in suspension in water, wastewater or other liquids and which are removable by laboratory filtering; and

(i) Any water or waste having a "pH" less than 5.0 or greater than 10.0, or having any other corrosive property capable of causing damage or hazard to structures, pipes, equipment and personnel of the wastewater system. The term "pH" as used in this sub-paragraph shall mean the logarithm of the reciprocal of the weight of hydrogen ions in grams per liter of solution.

5.7 Industrial Waste

Neither the Customer nor any Occupant of the premises shall discharge, or cause to be discharged, into the building wastewater service connection or into the wastewater main any "industrial wastes" consisting of solids, liquids or gaseous wastes resulting from any industrial or manufacturing operation or process, or from the development of any natural resource, without first obtaining written permission for such discharge from the Utility.

5.8 Cooling Waters at Utility Option

Cooling water may be allowed to discharge into the Utility's wastewater collection system at the option of the Utility, however, written permission must be obtained from the Utility.

5.9 Compliance with National Categorical Pretreatment Standards as Promulgated by the United States Environmental Protection Agency

(a) If the Utility discovers that a discharger has failed to meet the administrative requirements of the Utility's pretreatment program and follow up inspections are required to bring the discharger into compliance, a service callout fee will be charged for each follow up inspection.

(b) National Categorical Pretreatment Standards as promulgated by the United States Environmental Protection Agency pursuant to the Clean Water Act shall be met by all dischargers of the regulated industrial categories. An application for modification of the National Categorical Pretreatment Standards may be considered for submittal to the regional administrator by Doyon Utilities, LLC when Doyon Utilities, LLC wastewater treatment system achieves consistent removal of the pollutants as defined by 40 CFR Section 403.7. The Utility shall implement the pretreatment program as required in Section 82 of the City of Fairbanks General Code and the United States Environmental Protection Agency Pretreatment regulations as required in 40 CFR 403.7.

SERVICE LINE REQUIREMENTS

6. SERVICE LINE REQUIREMENTS

6.1 General

The Utility has prepared Service Line Standards, a current copy of which is available to the Customer at the Utility's office or on its website at www.doyonutilities.com. These standards are modified from time to time. When substantive revisions occur, the Utility will notify the Customer. These standards will be enforced for all Service Connections. It is the responsibility of the individual to ensure they have the most recent version of the Utility's Service Line Standards if such individual is installing a Service Line or any portion thereof at the express direction of the Customer.

6.2 Customer's Facilities

(a) The Utility reserves the right to inspect all construction by the Customer or its representative related to wastewater collection.

(b) No inspection by the Utility, or failure of it to object to the Customer's installation or construction, nor the fact that it made connection to the Customer's installation, will cause the Utility to become liable for any damage or injury resulting from any defective installation or construction by the Customer.

MAIN EXTENSION POLICYSTATE OF ALASKA
REGULATORY COMMISSION OF ALASKA

7. MAIN EXTENSION POLICY

7.1 General

(a) The Customer will advise the Utility when service is required to new facilities and the Utility will determine if service can be provided through a Service Connection by way of existing collection mains or if additional collection mains are required.

(b) Easements and Right-of-Way: The Customer shall grant the Utility specific easements and rights-of-way necessary for a proper wastewater collection Service Connection or main extensions to the Service Location up to and including the Point of Demarcation. All easements shall be sufficiently broad to allow the Utility reasonable physical access for maintenance and operations of the main and Service Line. In the absence of a specific easement, and unless directed otherwise in writing by the Customer, the provision of service presumes an easement, reasonable in scope, to maintain and operate the Service Connection.

(c) Customer Construction: If the Customer requires that a third party be allowed to perform any portion of the work on a main extension or Service Line, the third party shall comply with the Utility's written standards of performance, safety, inspection, insurance and bonding, which must be complied with prior to commencement and acceptance of any Customer authorized trenching and backfilling. These standards will be substantially equivalent to the Utility's standards for Utility installed main extensions or service line connections. Failure of a Customer, or the Customer's appointed agent, to comply with the standards as set forth by the Utility may result in additional charges by the Utility. The Utility is not obligated to accept or provide wastewater collection service through any facilities which do not meet its construction standards.

(d) If the Customer directs that new facilities that will become part of the Utility's responsibility either by CIAC, purchase, or otherwise be constructed by someone other than the Utility, the Customer shall notify the Utility in writing prior to construction and allow the Utility a reasonable opportunity to inspect the construction.

RULE & RATE CHANGES

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA

8. RULE & RATE CHANGES

Except as otherwise provided in the Contract, the Utility reserves the right at any time to alter, amend, change, or add to these rules, regulations, and conditions of service, or to substitute other rules and regulations, and to change rates, subject to the approval of the Regulatory Commission of Alaska, or other regulatory body having jurisdiction thereof. Any changes will be in accordance with the Contract.

However, prior to submitting any change for approval, the Utility shall provide the Customer with reasonable notice of the proposed change and an opportunity to comment. If the Customer and Utility agree on the change, the agreement shall be included in the request for approval.
